- VA User Stories – Presenters to be confirmed**
 - Using VA to provide public information – NZ Police**
 - Calculating data items tips and new custom charts**
 - Milan Horvath, Knoware
 - Latest VA and VS news - Milo Davies from SAS**
 - Q&A - Session with panel of VA experts**
- 5:30 – 6:00 Drinks, nibbles and networking

When: Thursday 10th March – 4pm to 6pm

Where: SAS Institute,
Level 12, SAS, 89 The Terrace, Wellington

**Please RSVP to Suzanne.Turner@knoware.co.nz
or call 04 499 9246 as spaces are limited**

What is the SAS VA-SIG?

SAS Visual Analytics (VA) is a fantastic tool. These SIG sessions provide a chance to learn from others at various stages of maturity, and to share information on:

- What are organisations using VA (Visual Analytics) and VS (Visual Statistics) for
- Neat and exciting things people have found about VA
- Challenges getting VA implemented and used, and how were they overcome
- Useful tips and tricks
- Keeping abreast of new capability, as new versions are coming out regularly

Knoware delivers all SAS VA training in New Zealand (through SAS Institute), and has helped a number of organisations get started with VA. We are happy to share our experiences with VA and hope you will do the same.

The Special Interest Group is relevant to those doing data preparation for VA, VA administrators, people using Explorer and creating reports and dashboards, and relevant managers.
